Olivia Park

Pediatric Neuropsychologist

Houston, TX (713) 555-0162 olivia.park@email.com linkedin.com/in/oliviapark

SUMMARY

Board-certified pediatric neuropsychologist with 7 years in children's hospital settings, assessing children with epilepsy, brain tumors, prematurity and ADHD. Completes 20 evaluations a month, gives family-centered care and feedback to parents and schools, and trains students and fellows in neurofunctional assessments.

EXPERIENCE

Pediatric Neuropsychologist 09/2021 - Present

Gulf Coast Children's Hospital Houston, TX

Pediatric hospital with neurology, oncology and rehabilitation programs.

- Complete **20** pediatric neuropsychology evaluations a month for epilepsy, brain tumors, ADHD and genetic syndromes.
- Deliver inpatient cognitive remediation techniques to 12 children a month on the rehabilitation unit after brain injury.
- Oversee 3 practicum students and 1 postdoctoral fellow each year in testing, case formulation and reports.
- Lead family feedback sessions and school planning, securing 504 or IEP supports for 85% of referred students.

Postdoctoral Fellow in Pediatric Neuropsychology 09/2019 - 08/2021

Lone Star Pediatric Neuroscience Institute Dallas, TX

2-year fellowship in pediatric neurology and oncology.

- Assessed **150** children with neurological diagnoses, including epilepsy, hydrocephalus and stroke.
- Provided family therapy and parent coaching for 20 families adjusting to a child's brain injury.
- Co-authored 2 peer-reviewed papers on attention outcomes after pediatric cancer treatment.
- Presented findings at 4 tumor board and epilepsy surgery conferences.

Psychology Intern 07/2018 - 06/2019

Hill Country Children's Medical Center Austin, TX

Doctoral internship with a pediatric neuropsychology track.

- Completed **40** neuropsychological evaluations for ADHD, learning disorders and autism.
- Scored WISC-V, NEPSY-II and BRIEF-2 protocols and drafted integrated reports.
- Provided 6-session parent behavior training to 15 families of children with ADHD.
