Time Management

Summary

Chemistry major and peer tutor with 1 year of tutoring in General Chemistry, first-year calculus and Statistics at a campus learning center. Holds 12 sessions a week, writes session notes in WCOnline within 24 hours and follows FERPA rules for every student record. Organized student with clear communication and sound time management across a full course load.

Experience

Peer Tutor 09/2025 - Present

University of Wisconsin-Madison Madison, WI

Part-time role at the campus tutoring center, 12 hours a week.

- Hold **12** one-on-one and small-group sessions a week in General Chemistry, first-year calculus and Statistics.
- Write session notes in WCOnline within 24 hours, with every report and student record handled under FERPA rules.
- Run 2 exam review workshops each semester for 40+ students, using practice problems drawn from past exams.
- Built a Microsoft Excel sheet of repeat visits, which showed 70% of students returned within two weeks.

STEM Camp Counselor 06/2024 - 08/2025

Lakeshore STEM Camp Milwaukee, WI

Seasonal day-camp role for the summers of 2024 and 2025.

- Taught daily chemistry demos to groups of 15 middle schoolers across 8 weeks each summer.
- Supervised 30 campers during lab activities and field days, with zero safety incidents in 2 seasons.
- Prepared materials for 120 hands-on experiments and logged supply use for the camp director.
- Explained the science behind each experiment in plain terms and answered camper questions at the end of every session.

Education
