SUMMARY

Senior hospital pharmacy technician with 7 years of experience, including 3 as a Pharmacy Technician III running an oncology IV room. Handles sterile compounding of chemotherapy under USP 800, trains staff in aseptic technique and reviews medication safety events. Holds PTCB CPhT and CSPT certifications.

EXPERIENCE

Pharmacy Technician III
06/2023 - Present

Mississippi River Health Center
Minneapolis, MN

600-bed academic hospital; oncology infusion pharmacy and central IV room.

- Produce **50+** chemotherapy and hazardous drug doses per shift in a USP 800 negative-pressure cleanroom.
- Lead the evening IV room, assigning work to 5 technicians and finishing the 6 p.m. batch by 8 p.m.
- Train technicians on aseptic technique and garbing, running 40 media-fill and fingertip tests a year.
- Review medication safety reports with the IV pharmacist, turning 12 near-misses into 3 label and workflow changes.

Pharmacy Technician II
04/2021 - 05/2023

Twin Cities Medical Center
St. Paul, MN

350-bed hospital with a 24-hour sterile compounding service.

- Prepared **100+** sterile IV doses a shift, including TPN and pediatric syringes, under USP 797.
- Performed pharmaceutical calculations for weight-based doses and caught 4 dosing errors a month on average.
- Wrote 6 cleanroom cleaning procedures that the pharmacy adopted for its 2022 state inspection.

Pharmacy Technician
08/2019 - 03/2021

Lakeside Pharmacy
Bloomington, MN

Retail pharmacy filling about 300 prescriptions a day.

- Filled **150** prescriptions a shift and resolved insurance rejections at the pickup counter.
- Ran monthly controlled substance counts and logged results for the pharmacist in charge.
- Answered 60+ patient calls a day about refills, pickup times and insurance questions.
