Summary

Physical Therapist I with a Doctor of Physical Therapy from Texas Woman's University and 15 months of acute care practice in a 400-bed hospital. Evaluates new inpatients after surgery, stroke and falls, and builds individualized treatment plans for safe mobility and discharge. Brings teamwork and steady problem solving to busy hospital units.

Experience

Physical Therapist I

Bayou City Medical Center — Houston, TX — 07/2025 - Present

Acute care physical therapist on the orthopedic, cardiac and neurology floors of a 400-bed teaching hospital.

- Complete 4 to 6 new patient evaluations a day on orthopedic, cardiac and neurology units, with clear discharge recommendations.
- Deliver gait training, transfer practice and therapeutic exercise to a daily caseload of **12** patients.
- Coordinate discharge plans with nurses and case managers at daily rounds for about 20 patients on the joint unit.
- Document evaluations and daily notes in Epic within 24 hours, passing 100% of quarterly chart audits.

DPT Clinical Intern

Gulf Coast Orthopedic & Sports Rehab — Houston, TX — 01/2025 - 04/2025

Final 16-week outpatient orthopedic rotation under a board-certified orthopedic clinical specialist.

- Managed a caseload of up to 14 outpatients a day with knee, shoulder and low back conditions by the final week.
- Applied manual therapy and therapeutic exercise from current clinical guidelines; 85% of patients met goals at discharge.
- Taught home exercise programs with printed and app-based handouts to about 40 patients during the rotation.
- Presented an in-service on ACL rehab progressions to 9 clinic staff, using research published in the last 3 years.
