SUMMARY

Physical Therapist with 5 years of outpatient and skilled nursing practice and an active Tennessee license. Evaluates 14 patients a day, writes individualized treatment plans and combines manual therapy with therapeutic exercise to restore function. Supervises PTAs and aides and applies clinical reasoning that patients and referring doctors trust.

EXPERIENCE

Physical Therapist

08/2023 - Present

Music City Physical Therapy & Sports Rehab — Nashville, TN

Outpatient orthopedic and sports clinic with 6 therapists, 2 PTAs and about 160 patient visits a day.

- Evaluate and treat **14** patients a day with spine, shoulder, knee and post-surgical conditions.
- Write individualized treatment plans with manual therapy and therapeutic exercise, reaching 88% goal achievement at discharge.
- Oversee 2 physical therapist assistants and 3 rehab aides, reviewing their notes and patient progress every week.
- Teach home exercise programs through an app, raising patient-reported adherence from 55% to 78% in one year.

Staff Physical Therapist

07/2021 - 07/2023

Cumberland Skilled Nursing & Rehab — Nashville, TN

Rehab team member at a 120-bed skilled nursing facility serving short-stay and long-term residents.

- Completed 6 evaluations a week for residents after hip fracture, stroke and joint replacement surgery.
- Reduced falls on the short-stay unit by 22% with balance training and a nurse-led walking program.
- Coordinated care with nursing, occupational and speech therapy at weekly team meetings for 40 residents.
- Documented daily notes and progress reports in the EMR to Medicare standards, passing every compliance audit.
