

Hector Villarreal

Pipeline Operator

Williston, ND (701) 555-0139 hector.villarreal@email.com linkedin.com/in/hectorvillarreal

SUMMARY Pipeline operator with 6 years of oilfield experience in the Bakken, the last 3 running crude gathering lines and pump stations. Handles pigging, leak checks and mobile pump equipment, and reports volumes in Microsoft Excel and Microsoft Teams. Holds DOT operator qualifications and solves field problems before they shut in production.

EDUCATION **High School Diploma** 05/2019
Williston High School Williston, ND

EXPERIENCE **Pipeline Operator** 07/2023 - Present
Missouri Breaks Midstream Williston, ND
Crude oil gathering system with 220 miles of pipe and 6 pump stations.

- Manage pipeline operations on **220** miles of crude gathering line moving about 45,000 barrels a day.
- Launch and receive 30+ pigs a month and log every run to meet the integrity program schedule.
- Set up mobile pump equipment during station outages, keeping 100% of producer volumes flowing in 2025.
- Track daily volumes and meter tickets in Microsoft Excel and post shift updates to the team in Microsoft Teams.

Pump Station Operator 03/2021 - 06/2023
Tioga Crude Transfer Tioga, ND
Crude truck unloading and pump station operator.

- Ran 2 pump stations and a truck unloading terminal handling 120 truckloads a day.
- Walked the right-of-way weekly for leak detection and flagged 3 small leaks within hours.
- Completed pump and valve preventive maintenance, raising station uptime to 98.5%.
- Wrote incident and maintenance reports in Microsoft Word and sent them through Outlook.

Floorhand 05/2020 - 02/2021
Prairie Rig Services Watford City, ND
Workover rig crew in McKenzie County.

- Handled tubing make-up and break-out on 25 well service jobs in winter conditions.
- Inspected slips, tongs and elevators each shift and followed stop-work rules.
- Rigged up and down on 8 rig moves across McKenzie County with no dropped loads.
