SUMMARY

Polysomnographic technician with almost 2 years of overnight sleep studies at a 6-bed lab in Atlanta, CPSGT-credentialed and preparing for the RPSGT. Handles hookups, watches polysomnography tracings for artifact and documents events for the scorer on 2 patients a night. Communication skills from 2.5 years of bedside patient care help nervous patients settle in.

EDUCATION

Associate of Science	05/2022
Georgia State University Perimeter College Health Sciences	Decatur, GA

EXPERIENCE

Polysomnographic Technician	01/2025 - Present
Peachtree Sleep Disorders Center	Atlanta, GA

6-bed outpatient sleep lab run by a neurology and sleep medicine practice.

- Run sleep studies for 2 patients a night, 4 nights a week, about **330** studies since 01/2025.
- Apply EEG, EOG, chin and leg EMG, ECG and respiratory sensors to AASM standards in under 45 minutes.
- Monitor tracings all night, fixing loose leads and noting position, snoring and oxygen drops for scoring.
- Manage CPAP on split-night studies by protocol and refit masks, with 90% of patients wearing them to morning.
- Complete lights-on readings and morning questionnaires, closing 100% of charts before the end of each shift.

Patient Care Technician	06/2022 - 12/2024
DeKalb Community Hospital	Decatur, GA

Patient care role on a 30-bed medical-surgical unit.

- Recorded vital signs, glucose checks and intake for 10 patients a shift on a busy medical-surgical unit.
- Obtained 12-lead ECGs on 15+ patients a week for the cardiology team.
- Answered call lights within 3 minutes on average and reported pain or breathing changes to nurses.
- Charted every task in the EHR with correct medical terminology for the nursing record.
