SUMMARY

Produce clerk with 1.5 years in a high-volume supermarket produce department, keeping 400+ items fresh and full across wet racks, tables and coolers. Handles stock rotation, trimming and culling, cut fruit prep on slicers and food safety logs, and uses product knowledge to help shoppers pick ripe fruit and vegetables for the week.

EXPERIENCE

Produce Clerk

04/2025 - Present

Valley Harvest Market

Fresno, CA

Supermarket with a 3,500-square-foot produce department and 2 produce deliveries a day.

- Build and refresh 12 produce tables and wet racks each morning, setting ad items before the 7 a.m. opening.
- Perform stock rotation, trimming and culling on 400+ items, cutting produce shrink **12%** over 9 months.
- Cut 80-100 fruit cups and trays a day on slicers, logging cooler temperatures under food safety rules.
- Run the baler for 100+ produce cartons a day and record 2 daily cooler checks for the department manager.

Farm Stand Associate (Seasonal)

05/2023 - 03/2025

Kings River Farm Stand

Reedley, CA

Family farm stand selling stone fruit, citrus and vegetables from May through December.

- Sold fruit and vegetables to 150+ customers a day at peak, using basic math for cash sales and scale weights.
- Sorted and graded peaches, plums and nectarines by size and ripeness, packing about 40 boxes a shift.
- Arranged 20 display bins every morning and moved older fruit to the front so it sold first.
- Shared product knowledge on 20+ varieties, from white nectarines to heirloom tomatoes, with friendly customer service.
