EXPERIENCE

Psychiatrist 08/2021 - Present

Willamette Behavioral Health Portland, OR

Community mental health center serving 9,000 adults a year.

- Manage a caseload of **450** adults, completing 12 to 14 medication management visits a day.
- Complete 6 new psychiatric evaluations a week, covering diagnosis, risk assessment and treatment planning.
- Started a long-acting injectable clinic that cut psychiatric hospitalizations among enrolled patients by 40%.
- Handle crisis intervention and same-day consults at the 24-hour walk-in clinic 2 days a week, diverting most from the ED.

Psychiatry Resident 07/2017 - 06/2021

Cascade University Hospital Portland, OR

4-year general psychiatry residency.

- Managed up to 14 patients on a locked inpatient unit and 20 consult-liaison cases a week on medical floors.
- Delivered weekly CBT and psychodynamic psychotherapy to 10 long-term outpatients.
- Treated 200 patients with opioid use disorder in an addiction clinic using buprenorphine.
- Served as chief resident, running the call schedule and didactics for 32 residents.
