Experience

Quality Auditor

06/2022 - Present

Scioto Automotive Systems

Columbus, OH

Auditor for a 1,300-employee tier-one supplier of seating and trim.

- Lead **48** internal audits a year against ISO 9001 and IATF 16949 across 3 plants.
- Run supplier audits at 15 suppliers a year, helping cut supplier defects from 420 to 180 PPM.
- Track 120 corrective action records and verify each fix on the floor before closing it.
- Complete weekly layered process and product audits, measuring parts with calipers and micrometers.

Quality Technician

06/2018 - 05/2022

Olentangy Industrial Controls

Delaware, OH

Quality technician at a maker of industrial control panels.

- Inspected 50 control panels a week for wiring, torque and labeling against drawings.
- Wrote 30 inspection work instructions and audit checklists used by 2 shifts.
- Prepared the plant for ISO 9001:2015 recertification, which closed with zero major findings.
- Ran monthly Microsoft Excel defect trend reports for the quality manager.
