Experience

Radiation Therapist II

01/2024 - Present

Bayshore Cancer Center

Tampa, FL

Academic-affiliated cancer center with 5 linear accelerators and a stereotactic program.

- Deliver SRS and SBRT treatments for **12** brain and spine patients a week with surface guidance and CBCT.
- Verify 6D couch shifts and intrafraction motion against physics tolerances, holding repeat imaging under 5%.
- Train 4 new therapists on stereotactic workflow, frameless masks and the department SRS checklist.
- Maintain treatment schedules and QA logs in Excel, and send daily status updates to physics in Outlook.

Radiation Therapist I

06/2021 - 12/2023

Gulf Coast Regional Hospital

Clearwater, FL

Community hospital radiation oncology department.

- Treated 30 patients a day with IMRT and VMAT on 2 TrueBeam linear accelerators.
- Performed CT simulations with 4D breathing scans for 200+ lung and liver patients.
- Wrote 6 patient education handouts in Word on skin care and fatigue, now used at intake.
- Recorded dose, imaging and side effects in ARIA, earning a clean Joint Commission chart review.

Radiation Therapy Student

08/2019 - 05/2021

Hillsborough Bay Medical Center

Tampa, FL

Clinical rotations during the radiation therapy program.

- Completed 1,500 supervised clinical hours on linear accelerators and CT simulation.
- Fabricated 70 thermoplastic masks and custom cushions for head, neck and pelvis setups.
- Recorded treatment data for 20 patients a day in ARIA under staff therapist review.

Certificates

ARRT Registered Technologist, Radiation Therapy (R.T.(T))

06/2021

American Registry of Radiologic Technologists

Florida Radiologic Technologist License, Radiation Therapy
