

Jasmine Whitaker

Radiation Therapist

ARRT-certified radiation therapist with 5 years delivering IMRT, VMAT and SBRT on Varian TrueBeam linear accelerators. Runs CT simulations, checks every plan and setup in ARIA, and leads daily quality assurance on the machine. Known for clear communication with oncologists, dosimetrists and physicists, and for the empathy that keeps anxious patients on schedule.

EXPERIENCE

Radiation Therapist

03/2022 - Present

Desert Sky Cancer Institute

Phoenix, AZ

Outpatient radiation oncology center with 3 TrueBeam units, 1 CT simulator and 85 patients a day.

- Deliver radiation therapy to 35 patients a day, including IMRT, VMAT and SBRT for lung and prostate cases.
- Perform 15 CT simulations a week with immobilization and contrast, keeping the simulation backlog under 2 days.
- Run daily quality assurance on output, imaging and lasers, flagging 4 issues to physics before patient start.
- Document delivered dose, imaging shifts and patient reactions in ARIA, passing 3 internal chart audits without findings.

Radiation Therapist

07/2021 - 02/2022

Superstition Valley Hospital

Mesa, AZ

Hospital radiation oncology department with 2 linear accelerators.

- Treated 25 patients a day on 2 linear accelerators, covering breast, brain and palliative treatments.
- Applied radiation safety rules on every shift, with zero exposure events and 100% dosimeter compliance.
- Coordinated daily schedules with the front desk and nurses, cutting average patient wait from 20 to 9 minutes.

Radiation Therapy Student

08/2019 - 05/2021

Camelback Medical Center

Phoenix, AZ

Clinical rotations during the radiation therapy program.

- Completed 1,400 supervised clinical hours across treatment, simulation and brachytherapy.
- Built 80 custom immobilization masks and cushions for simulation patients.
- Ran morning warm-up and daily output checks on 2 linear accelerators with staff therapists.

CERTIFICATES

ARRT Registered Technologist, Radiation Therapy (R.T.(T))

06/2021

American Registry of Radiologic Technologists

Arizona Radiation Therapy Technologist Certification

06/2021

Arizona Medical Radiologic Technology Board of Examiners

Basic Life Support (BLS)

01/2026

American Heart Association
