Experience

Registered Respiratory Therapist

Orange Grove Medical Center • Orlando, FL • 05/2023 - Present
Tertiary hospital with 820 beds, a level I trauma center and 5 ICUs.

- Manage mechanical ventilation for **6 to 8** ICU patients a shift, including prone positioning and lung-protective settings.
- Ran blood gas analysis on 2,000 samples a year and reported critical results to physicians within 10 minutes.
- Prepared equipment and suctioned for 90 intubations and 35 bedside bronchoscopies with the pulmonology team.
- Completed patient assessment rounds on 25 floor patients a shift, stepping 30% down to lighter therapy under protocol.

Respiratory Therapist

Lakeside Community Hospital • Kissimmee, FL • 06/2021 - 04/2023
Community hospital with 240 beds and a 16-bed ICU.

- Provided oxygen therapy, chest physiotherapy and aerosol treatments to **18** patients a shift.
- Responded to 150 rapid responses and codes, delivering cardiopulmonary resuscitation and airway management.
- Trained 40 nurses on high-flow nasal cannula setup during the 2022 equipment rollout.
- Recorded therapy and assessments in Cerner with zero documentation deficiencies on 4 quarterly audits.

Student Respiratory Therapist

Winter Park Regional Hospital • Winter Park, FL • 08/2020 - 05/2021
Paid student associate role during the final year of respiratory school.

- Delivered nebulizer treatments to **15** floor patients a shift under supervision.
- Cleaned, tested and stocked ventilators and oxygen equipment for 3 ICUs.
- Charted every treatment and patient response for preceptor review.
