Reset Merchandiser

Carolina Retail Resets

Retail services company running category resets and new-store sets in the Carolinas.

- Complete **250+** planogram resets per year in grocery and pharmacy stores, with 98% passing first audit.
- Operate a power drill to move shelving and peg hooks, resetting up to 16 linear feet per hour.
- Apply shelf strips and product labeling for new items, catching tag errors on about 5% of each plan.
- Drive to stores up to 150 miles away for weekend new-store sets with 6-person crews.
