

Olivia Brennan

Safety Intern

Safety intern and senior in safety, health and environmental science, finishing a 6-month internship at a 400-employee metal fabrication plant. Performs safety inspections, helps update job hazard analysis forms and tracks findings in Excel. Applies OSHA regulations learned in coursework on the plant floor and presents results clearly in PowerPoint.

Experience

Safety Intern

Allegheny Forge & Fabrication • Pittsburgh, PA

05/2026 - Present

Metal fabrication plant with 400 employees on 3 shifts.

- Perform weekly safety inspections of 6 production areas and log findings and photos in an Excel tracker.
- Update 24 job hazard analysis forms with operators and supervisors, adding PPE and machine guarding steps.
- Document near-miss and incident reporting data for the safety manager's monthly report to plant leadership.
- Build a PowerPoint toolbox talk series on hand safety that 3 shift supervisors now deliver each week.

Warehouse Associate (Part-Time)

Three Rivers Supply Co. • Indiana, PA • 09/2024 - 04/2026

Industrial supply distribution center, held during the school year.

- Picked and staged 150+ orders a shift with 99.5% accuracy on cycle counts.
- Reported 12 rack, forklift and housekeeping hazards to the shift lead, all fixed within one week.
- Trained 4 new associates on lifting technique, PPE use and pedestrian lanes in the warehouse.
