Associate of Applied Science
05/2020
San Jacinto College
Pasadena, TX
Occupational Safety and Health Technology

EXPERIENCE

Safety Trainer 01/2023 - Present
Gulf Coast Industrial Services Houston, TX
Safety training for a 1,100-worker industrial contractor serving refineries and chemical plants.

- Teach OSHA 10, confined space, fall protection and hazard communication courses to **900** craft workers a year.
- Review 8 job sites monthly and turn findings into toolbox talks; the recordable rate fell from 1.9 to 1.1.
- Update 26 PowerPoint courses and Word handouts in English and Spanish after each regulation or client rule change.
- Track certifications in Excel for every worker and send Outlook alerts 30 days before each one lapses.

Safety Technician 06/2020 - 12/2022
Bayou City Mechanical Pasadena, TX
Field safety support for pipefitting and welding crews on plant turnarounds.

- Performed 300+ job safety analyses and permit checks a year for pipefitting and welding crews.
- Investigated 45 incidents and near misses, writing root-cause reports within 48 hours.
- Delivered new-hire safety orientation to 20-30 craft hires each week during turnaround season.
- Inspected scaffolds, harnesses and gas monitors daily, removing 60 defective items from service in 2022.
