EXPERIENCE

SAP Business Analyst	02/2023 – Present
Peachtree Home Products	Atlanta, GA

Household goods maker with 5 plants and 1,200 SAP ERP users.

- Write requirements for SAP SD pricing and delivery changes, shipping **28** enhancements in 2025.
- Tune MRP settings for 4,500 materials with planners, lowering expedited freight spend by 18%.
- Lead gap analysis for a new contract manufacturing flow and document 12 future-state processes.
- Run project management for a 6-month label printing rollout at 3 warehouses, finishing 2 weeks early.

Supply Chain Analyst	06/2021 – 01/2023
Chattahoochee Packaging	Marietta, GA

Corrugated packaging plant using SAP ECC for planning and inventory.

- Maintained production planning data, including routings and BOMs, for **900** finished goods in SAP.
- Reconciled inventory management reports with cycle counts, cutting annual write-offs by \$120K.
- Built Microsoft Office tools in Excel and PowerPoint for weekly capacity reviews with the plant manager.
- Tested 60 SAP change requests before release and wrote user guides for production schedulers.
