> EXPERIENCE

Science Tutor 05/2024 - Present
Triangle Learning Partners Raleigh, NC

Private tutoring company serving about 300 students across Wake County, in home and online.

- Teach **20** students a week in AP Biology, AP Chemistry and honors physics, one-on-one and in pairs.
- Prepared 15 AP students for the 2026 exams; 12 of them scored a 4 or 5.
- Model stoichiometry, equilibrium and kinematics problems step by step, then assign 10-question practice sets.
- Handle lab report review for college General Chemistry students, marking errors in data analysis and units.

Tutor 08/2022 - 04/2024
Oak City Study Hall Raleigh, NC

After-school homework and test prep center; part-time during and after college.

- Answered biology and chemistry homework questions for about 25 high school students a week.
- Wrote 30 practice quizzes aligned to the NC Biology end-of-course test; the group pass rate reached 92%.
- Built a Google Sheets tracker of quiz scores that parents could check before school conferences.
- Ran Saturday review sessions on cell biology and genetics for groups of up to 8 students before each unit test.

Biology Lab Teaching Assistant 08/2021 - 05/2022
North Carolina State University Raleigh, NC

Part-time undergraduate assistant for introductory biology labs.

- Supported 2 lab sections of 24 students each week with microscopes, pipettes and lab safety.
- Graded 48 weekly lab reports against the course rubric and returned them within 5 days.
- Held a weekly office hour on data tables and graphs for students preparing lab reports.
