EXPERIENCE

Senior Architect

01/2022 - Present

Charles River Architects

Boston, MA

150-person firm designing life science, office and campus buildings.

- Lead architectural design for a **\$120M** life science building, from schematic design through permit and bidding.
- Manage fees, schedules and budgeting for 3 concurrent projects, finishing 2025 at 104% of planned profit.
- Present design progress to owners, investors and the city design review board, winning approval for 2 projects.
- Mentor 8 architects and designers on detailing, building codes and construction administration practice.

Project Architect

06/2016 - 12/2021

Back Bay Design Collaborative

Boston, MA

Office and higher education architecture firm.

- Delivered 6 higher education and office projects worth \$210M in total through construction.
- Answered 400+ RFIs and reviewed submittals during construction on a 12-story office tower.
- Built Revit and AutoCAD detail libraries that cut drawing time on curtain wall packages by 20%.
