SUMMARY

Senior architectural designer with 10 years of experience on residential towers, retail interiors and cultural spaces in New York. Leads concept and schematic design, testing options in SketchUp and Revit and presenting them through Adobe Creative Suite packages in Photoshop, Illustrator and InDesign. Strong graphic communication that wins client approvals and competitions.

EXPERIENCE

Senior Architectural Designer

03/2022 - Present

Hudson Line Architects — New York, NY

90-person firm designing residential, mixed-use and cultural buildings.

- Lead concept and schematic design for **4** residential and mixed-use projects a year, up to 400,000 square feet.
- Produce client presentation books in InDesign, Illustrator and Photoshop, 30 to 80 pages per milestone.
- Develop design options in SketchUp and Revit with Enscape views, narrowing 6 schemes to 1 within 2 client meetings.
- Mentor 4 junior designers on graphic communication and Revit modeling standards.

Architectural Designer

07/2016 - 02/2022

Gowanus Studio Partners — Brooklyn, NY

Boutique studio for retail, restaurant and residential renovation work.

- Designed 12 retail and restaurant interiors in Manhattan and Brooklyn from concept through permit drawings.
- Drafted permit and construction sets in AutoCAD for 8 brownstone renovations.
- Created competition boards that placed 2 entries in the top 3 of a public library design competition.
- Rendered storefront and dining room views in SketchUp and Photoshop for 20 landlord and community board approvals.
