SUMMARY

Sonographer I with 1 year of hospital scanning after graduating from a CAAHEP-accredited sonography program, registered RDMS in abdomen. Performs 14 abdominal, OB/GYN, small parts and venous Doppler exams a shift on modern ultrasound equipment, sends complete studies to PACS and presents preliminary findings to radiologists with clear communication skills.

EXPERIENCE

Sonographer I 07/2025 - Present
Bayshore Regional Medical Center Tampa, FL

Hospital imaging department with 6 sonographers covering ER, inpatient and outpatient exams; entry-level general ultrasound role.

- Perform 14 abdominal, pelvic, OB/GYN and small parts ultrasound exams a shift for ER, inpatient and outpatient patients.
- Assess each patient's history and explain the exam, using careful patient positioning to keep repeat scans under 3% of studies.
- Record images and technologist worksheets in PACS before patients leave the department, with zero lost studies in 15 months.
- Present preliminary findings to radiologists, flagging 20+ urgent results such as acute cholecystitis and DVT for same-hour reads.

Student Sonographer (Clinical Externship) 08/2024 - 05/2025
Westshore Diagnostic Imaging Tampa, FL

Outpatient clinical rotation with 1,200 supervised hours in general and vascular ultrasound.

- Completed 450+ supervised abdominal, OB/GYN, thyroid and venous Doppler studies under registered sonographers.
- Measured organs and fetal biometry using anatomy and physiology coursework, matching the supervising sonographer on 95% of measurements.
- Checked in 25 patients a day, entering orders and clinical history into the RIS before each exam began.
- Applied sterile technique while setting up trays for 30 ultrasound-guided thyroid and liver biopsies.

SKILLS

Ultrasound Equipment • PACS
OB/GYN Ultrasound
Venous Doppler
