SUMMARY

Special education paraprofessional with 5 years supporting students with autism and significant support needs, the last 3 in a middle school center program of 10 students. Implements IEP goals and behavior management plans, collects daily data in Excel, uses ABA and CPI techniques, and supports AAC devices and personal care.

SKILLS

Behavior Management • IEP Goals • Applied Behavior Analysis (ABA) • Data Collection • AAC Devices
Personal Care • CPI Techniques • Excel • Patience • Interpersonal Skills

EXPERIENCE

Special Education Paraprofessional

08/2023 - Present

Front Range Public Schools

Denver, CO

Significant support needs center program at a 700-student middle school.

- Implement IEP goals and behavior management plans for **10** students with autism and intellectual disabilities.
- Run trial-by-trial data collection on 25+ goals a day in Excel for case managers' quarterly progress reports.
- Model AAC device use for 4 nonverbal students, with 2 moving from single words to 3-word requests.
- Handle personal care, including toileting, feeding and lift transfers, for 3 students with physical needs.

Behavior Technician

06/2021 - 07/2023

Mile High Autism Services

Denver, CO

Clinic and in-home ABA therapy for children with autism.

- Delivered 1:1 applied behavior analysis (ABA) sessions to **5** children ages 4-10, 25-30 hours a week, under BCBA treatment plans.
- Recorded session data on tablets and graphed weekly progress for supervision meetings.
- Coached 4 parents on reinforcement and prompting so skills carried over at home.
- Ran small social skills groups of 3 children twice a week, practicing turn-taking, greetings and shared play.
