

Diego Ramirez

Spray Technician

Spray technician with 1.5 years of tree and shrub care in the Denver area, treating 12-15 properties a day for insects, disease and weeds. Runs a 300-gallon skid sprayer and backpack units, handles sprayer calibration every morning and keeps application records to Colorado Department of Agriculture standards. Clean driving record.

EXPERIENCE

Spray Technician

04/2025 - Present

Front Range Tree & Turf Care

Lakewood, CO

Plant health care division of a 60-employee arborist and landscape company.

- Apply treatments to 12-15 residential and HOA properties a day for aphids, mites, scale and leaf disease.
- Complete sprayer calibration on the skid unit and hand guns each morning and log output checks.
- Manage herbicide application on 40 acres of HOA open space for noxious weed control each season.
- Record product, rate, weather and target pest for every stop, with all application records complete at the 2026 audit.
- Identify insect damage and plant health care needs on site, adding 35 follow-up treatments to the 2026 schedule.

Landscape Laborer

05/2023 - 03/2025

Mile High Landscape Group

Aurora, CO

Installation and maintenance crew for a residential landscape contractor.

- Installed plants, sod and drip irrigation on 30+ new residential landscape projects across Aurora and Centennial.
- Pruned shrubs, pulled weeds and spread mulch on a 20-property weekly maintenance route, noting insect damage for the foreman.
- Operated a mini skid steer and trencher with no equipment damage claims over 2 seasons of daily use.
- Performed daily equipment maintenance on mowers, trimmers and blowers before the crew left the yard.
