Patrick Doyle

SQL DBA

Boston, MA · (617) 555-0185 · patrick.doyle@email.com · linkedin.com/in/patrickdoyle

SUMMARY

SQL DBA with 5 years of experience running Microsoft SQL Server 2016-2022 for an asset manager and a medical group, including Always On clustering, SSIS and SSRS. Leads query optimization and performance tuning, automates maintenance with PowerShell and T-SQL and has migrated 40 databases to AWS RDS without missing a trading day.

EXPERIENCE

SQL DBA

02/2023 - Present

Back Bay Asset Management — Boston, MA

Investment firm managing $60B for pension and endowment clients.

- Support **210** SQL Server databases across 18 Always On availability groups and 4 failover cluster instances.
- Lead query optimization with execution plans and index tuning, cutting the average trade report run time by 70%.
- Automate backups, integrity checks and patching with PowerShell and dbatools across 60 SQL Server instances.
- Migrate 40 reporting databases to AWS RDS with the cloud team, finishing every cutover before the market opens.

Database Administrator

06/2021 - 01/2023

Charles River Medical Group — Waltham, MA

Physician group with 12 clinics and 300 providers.

- Maintained 80 SQL Server databases for scheduling, billing and EHR interfaces across 12 clinics.
- Built SSIS packages and SSRS reports for the finance team, replacing 15 manual Excel exports each month.
- Resolved blocking and deadlock incidents within 30 minutes, using Extended Events for troubleshooting root causes.
- Enforced least-privilege logins and TDE encryption, passing 2 HIPAA security audits with no findings.

SKILLS
