

Jasmine Carter

Sterile Processing Technician I

Memphis, TN · (901) 555-0148 · jasmine.carter@email.com · linkedin.com/in/jasminecarter

SUMMARY

Sterile Processing Technician I with 1 year in a 300-bed hospital SPD after completing a 400-hour sterile processing program. Handles decontamination, instrument inspection and tray assembly for general, OB and orthopedic cases, and follows infection control rules on every load. CRCST certified, with sound medical terminology, attention to detail and clear communication with OR staff.

EXPERIENCE

Sterile Processing Technician I 09/2025 - Present

Mid-South Regional Medical Center Memphis, TN

300-bed acute care hospital with 14 operating rooms.

- Process **60 to 80** instrument trays a shift through manual cleaning, washers and ultrasonic cleaners.
- Assemble general and OB surgery sets from count sheets, with a tray error rate under 1% in 2026.
- Operate steam sterilizers and record each load's biological and chemical indicator results.
- Verify instrument function and insulation before packaging, pulling 15 to 20 damaged items a month for repair.
- Deliver case carts to the OR on time for first-case starts at 7:00 AM.

Patient Transporter 06/2024 - 08/2025

Mid-South Regional Medical Center Memphis, TN

Full-time transport role while completing sterile processing training.

- Transported 35 to 45 patients a shift between units, imaging and surgery.
- Followed isolation and hand hygiene rules on every move, with no safety events in 14 months.
- Communicated delays to unit nurses through the dispatch system within 5 minutes.
- Completed 400 clinical hours in the hospital SPD as part of a sterile processing program.
