SUMMARY

Targeting analyst with 6 years in Army and special operations intelligence, working every phase of the joint targeting cycle. Builds target development packages from HUMINT and SIGINT reporting, maintains records in MIDB, and uses RemoteView and ArcGIS to pinpoint locations. Knows the intelligence cycle, MDMP and collection management well. Active TS/SCI clearance.

EXPERIENCE

Targeting Analyst 01/2025 - Present
Longleaf Mission Support Fort Bragg, NC
Contractor supporting a special operations targeting cell.

- Develop target packages through the joint targeting cycle, delivering 35 vetted nominations to commanders in 2025.
- Maintain 120 MIDB records, updating locations and functional assessments within 48 hours of new reporting.
- Pinpoint facilities with RemoteView and ArcGIS, producing 60 annotated imagery graphics for mission planners.
- Write collection requirements that close gaps in HUMINT and SIGINT coverage on 8 priority targets.

Junior Targeting Analyst 06/2023 - 12/2024
Longleaf Mission Support Fort Bragg, NC
Same targeting cell, entry-level contract role.

- Researched 40 target networks across classified databases and built link charts for senior analyst review.
- Drafted target system analysis sections and pattern-of-life summaries supporting 12 special operations missions.
- Tracked battle damage assessment results in a shared database for the cell's monthly effects review.

Intelligence Analyst (35F) 06/2020 - 05/2023
U.S. Army Fort Bragg, NC
All-source analyst in an airborne brigade intelligence section.

- Supported MDMP for 9 brigade operations with threat courses of action and enemy situation templates.
- Produced daily intelligence summaries for a 3,800-paratrooper brigade during a 6-month overseas deployment.
- Managed the brigade's intelligence cycle tracker, linking 150 information requests to the right collection assets.
- Trained 6 new analysts on targeting basics, database searches and PowerPoint briefing standards.
