EXPERIENCE

Tractor Operator

Cache Creek Farming Co. • Woodland, CA

02/2023 - Present

5,500-acre row crop operation farming processing tomatoes, wheat and seed crops.

- Operate track and wheel tractors for tillage, bed shaping and planting on about **1,800** acres each season.
- Set up GPS auto-steer guidance lines and A-B passes, holding beds within 1 inch of spec for the transplanter crew.
- Apply herbicides and fertilizer with a 60-foot boom sprayer, keeping application records that passed 2 county inspections.
- Perform preventive maintenance and implement hookup each morning, cutting unplanned field downtime about 25%.

Equipment Operator

Dunnigan Ag Services • Dunnigan, CA • 03/2021 - 01/2023

Custom farming company doing ground work for growers across Yolo and Colusa counties.

- Disced, ripped and landplaned about 3,000 acres a year of custom work across 15 grower accounts.
- Hauled equipment on a lowboy trailer for 40+ ranch moves a year with a Class A license and no road incidents.
- Recorded daily acres, fuel use and engine hours on 8 machines for customer billing and service records.
