SUMMARY

UI Design Manager with 11 years at Google and Microsoft. Manage a 9-person design team across Google Search and Microsoft 365; redesigned Google Search mobile result page (zero-result session rate -18%, mobile DAU +1.7M) and shipped Microsoft Word web ribbon UI on Office Online (28M+ MAU). NN/g UX Master + Google UX + ICAgile-Coaching credentialed.

EXPERIENCE

Google Mountain View, CA

UI Design Manager Aug 2021 - Present

Design manager for Google Search's mobile result-page team.

- Manage a 9-person design team (UI + content + research) across Search mobile result page and zero-result experience surfaces
- Drove Search mobile result-page redesign for iOS and Android; zero-result session rate fell 18% and mobile DAU rose by 1.7M post-launch
- Owned design promotion calibration across 28 designers in Search; 7 promotions across L4-L6 in 2024 cycle (vs 4 in 2023 baseline)
- Built design-team OKR framework now adopted by 12 sibling Google design teams

Microsoft Redmond, WA

Senior UI Designer → Staff Jun 2017 - Jul 2021

Senior UI Designer (promoted to Staff) on Microsoft 365's Word and Excel team.

- Shipped Microsoft Word web ribbon UI on Office Online; rolled out to 28M+ MAU with 4.6/5 user satisfaction
- Co-authored 40+ components in Microsoft's Fluent design system used across the entire Office product line
- Promoted from Senior to Staff in Q2 2020 against a 9% promotion bar
