EXPERIENCE

Water Truck Driver

05/2022 - Present

Permian Fluid Services — Midland, TX

Driver for an oilfield water hauling company serving 30+ well pads in the Midland Basin.

- Deliver 8-10 loads a shift of fresh and produced water to frac sites and saltwater disposal wells.
- Handle pump operation and hose hookups on site with no spills or recordable incidents across 4,000+ loads.
- Run the spray bar for dust control on 40 miles of lease roads, ending dust complaints from 2 operators in 2024.
- Complete pre-trip inspections and record run tickets and ELD logs, passing 3 roadside DOT inspections clean.

Water Truck Operator

03/2020 - 04/2022

West Texas Earthmovers — Odessa, TX

Construction water truck operator on commercial and oilfield site work.

- Sprayed haul roads and building pads for dust control and compaction on 6 commercial site jobs.
- Filled a 4,000-gallon water truck at metered hydrants, logging every fill for the city permit.
- Partnered with compactor and grader crews in close teamwork to hit moisture targets on 100+ acres of pad work.
- Greased and inspected the pump, valves and spray heads weekly, cutting downtime from clogged nozzles.

Yard Hand

06/2019 - 02/2020

Basin Oilfield Rentals — Odessa, TX

Equipment yard role loading rental tanks, pumps and pipe for oilfield customers.

- Loaded and strapped 15+ rental tanks, pumps and generators a week onto flatbed trailers.
- Pressure-washed and inspected returned frac tanks before they went back into the rental fleet.
- Earned a Class A CDL with tanker endorsement in 02/2020 through a local driving school.
