EXPERIENCE

Waterproofing Roofer / Specialist

CentiMark Corporation

Jul 2020 - Present · Seattle, WA

Commercial waterproofing membrane installation for rooftop decks, parking structures, and flat roofs.

- Installed Firestone EPDM, TPO, and liquid-applied waterproofing systems on 90+ commercial properties, contributing $4.1M in project revenue
- Achieved 97% first-application waterproofing success rate, eliminating rework on membrane seams and penetration flashings
- Reduced client leak-related warranty claims by 42% over 3 years through precision membrane detailing and mandatory post-installation flood testing
- Supervised 4-person waterproofing crew, training team members in Firestone application standards and quality documentation

Roofing Technician / Waterproofing Installer

Beacon Roofing Supply (Field Installation Partner)

Mar 2016 - Jun 2020 · Tacoma, WA

Residential and light commercial waterproofing and roofing repair.

- Installed ice-and-water barrier, self-adhering underlayment, and EPDM pond liner systems on 90+ residential properties
- Achieved 99% leak-free record on all installed systems through thorough lap seal and flashing inspections
- Completed advanced Firestone Red Shield training, earning certification status within 18 months of joining the field team
