AWS Certified Welder – D1.1 3G SMAW

05/2025

American Welding Society

OSHA 10-Hour General Industry

11/2024

OSHA Outreach Training Program

SUMMARY

Welder I with nearly 2 years of shop experience, including 14 months of MIG welding and flux-core work on trailer frames in Pasadena. AWS certified in 3G SMAW, reads blueprints and weld symbols, and checks every part with a tape measure before it leaves the station. Brings attention to detail, a clean bay and steady PPE habits to every shift.

EXPERIENCE

Welder I

08/2025 - Present

Gulf Coast Trailer Works — Pasadena, TX

Builder of flatbed and equipment trailers with 60 shop employees.

- Build crossmembers, fenders and ramps on **6** flatbed trailer frames per shift using GMAW and MIG welding.
- Interpret blueprints and weld symbols to fit brackets within 1/16 inch, confirming each one with a tape measure.
- Grind and bevel joints with hand tools and power tools, cutting station weld rework from 9% to 4%.
- Examine finished welds for undercut and porosity before sign-off, passing 98% of lead welder checks.

Welding Helper

01/2025 - 07/2025

Channelview Fabrication & Repair — Channelview, TX

Repair shop for oilfield skids, truck beds and trailers.

- Tacked and staged parts for 2 journeyman welders on about 25 skid repair jobs a month.
- Cut plate and angle iron on a bandsaw and torch, using basic math skills to work out layouts.
- Practiced SMAW and TIG welding on test coupons after shifts and passed the 3G bend test in 05/2025.
- Organized the tool crib and consumables, keeping the floor clear for weekly safety walks.
