Summary

ARRT-registered X-Ray Technologist with 14 months of urgent care experience and 1,850 clinical hours from an accredited radiologic technology program. Performs 25-35 radiographic exams a shift, follows ALARA and radiation safety rules on every exposure, and keeps patient care calm and clear for walk-in patients of all ages, from toddlers with wrist injuries to older adults after falls.

Experience

X-Ray Technologist

08/2025 - Present

Front Range Urgent CareAurora, CO

Walk-in urgent care group with 4 clinics, each with a digital X-ray room.

- Perform 25-35 chest, extremity, spine and sinus X-rays per shift as the only imaging staff member on site.
- Apply ALARA collimation, shielding and the pediatric technique chart on about 40 child exams a month to limit dose.
- Send images to PACS with correct views, markers and HIPAA-safe notes, keeping radiologist rejections below 2%.
- Run daily radiology equipment checks and infection control cleaning, getting 1 generator fault fixed before opening.

Student Radiologic Technologist

08/2023 - 05/2025

Mile High Regional HospitalDenver, CO

Clinical rotations for the accredited radiologic technology program at a 400-bed teaching hospital.

- Completed 1,850 clinical hours across the ED, surgery, fluoroscopy and outpatient X-ray under registered technologists.
- Positioned patients for 600+ supervised exams and passed every required ARRT clinical competency on the first try.
- Prepared patients for portable exams on 4 inpatient units, checking ID, orders and isolation status first.
- Learned anatomy-based positioning for trauma and OR cases, including C-arm work on about 30 surgical cases.
